The image shows a high-quality outdoor patio installation. The foreground is dominated by large, light-colored rectangular tiles with a subtle, natural stone texture. To the left, a low, rustic wooden border separates the patio from a dark pond. The pond is filled with several large green lily pads and blooming water lilies in shades of pink and white. A simple, modern wooden bench is positioned on the patio, partially overlapping the pond's edge. The background features a concrete wall and some green foliage. A large, dark grey diagonal overlay covers the top right portion of the image, containing the text 'MODULAR 12mm' in a clean, white, sans-serif font.
